

Portsmouth Safeguarding Children Partnership have launched a new online training course booking system – available at <https://pscptraining.portsmouthscp.org.uk/>

What is it?

An online booking system enabling you to manage your own booking for safeguarding children training.

There is a function for organisations who have one central person to book training for other members of staff.

How do we do it?

The 4 easy steps:

1. Register with your name and email
2. Create a password
3. Pre-course:
 - Search for the course you would like to book
 - Complete Pre – Evaluation form
 - Book onto the course
 - You will receive a series of emails before the course (confirmation, course instructions, reminder etc.)
4. Post-course:
 - Delegates to complete Post-course evaluation
 - Delegates can download attendance certificate and post-course material

3 months following the training course you will be invited to complete a post course evaluation to help PSCP measure the impact of learning on practice

Why are we doing this?

- To streamline the booking process and make booking training more efficient
- For the user to be able to manage their own bookings
- For the PSCP to improve evaluation and measurement of impact on practice

Important Information

- To be able to access the learning on the training courses available, delegates will need to have a basic understanding of Safeguarding Children. Basic Safeguarding Children Training is available for all members of the community.
- Designated Safeguarding Lead (DSL) training is strictly for school staff only
- 'Managing Safeguarding in your organisation' is for those leading safeguarding within their organisation (this is not for school staff.)
- It is a requirement to complete pre-course evaluations before booking is confirmed
- It is a requirement to complete post course evaluations to receive your attendance certificate and post course material

For single agency / inset training please email pscptraining@portsmouthcc.gov.uk
